

# Specification Information

**Product Code:** 1148

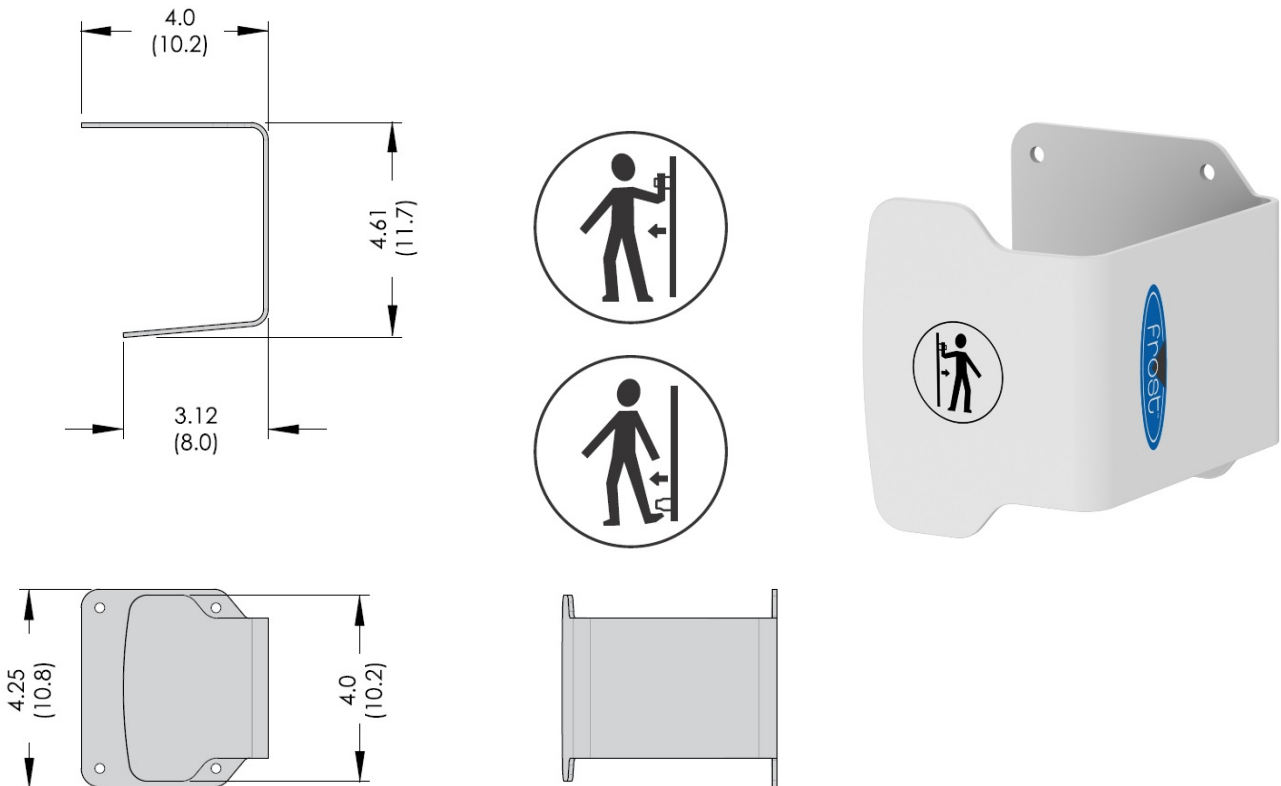

**Product Name:** Hands Free Door Pull

**Individual Carton UPC:** 624622114800

**Individual Carton Shipping Dimensions:** 12.7cm W x 12.7cm H x 12.7cm D (5" W x 5" H x 5" D)

**Individual Carton Shipping Weight:** 0.7 kg (1.5 lbs)

**Site Location:** Frost code 1148 hands-free door pulls are popular in locations where there are no automatic doors and sanitization is important. These are often used in schools, airports, hospitals, long term care facilities, and offices. The product is made from 12 gauge steel and finished in a light grey antimicrobial powder coated paint. This finish helps further prevent the spread of bacteria. The door pull can be mounted for use at shoulder heights with a wrist or at ankle height for use with feet. Two labels are included to help indicate to the user how the product should be operated.

## Features:

- Can be used with wrists or feet
- Canadian made with heavy gauge steel
- Antimicrobial grey powder coated paint
- Heavy gauge with no sharp edges
- Mounting hardware included

## Materials:

- Door pull is fabricated from 12 gauge (.1") thick solid steel. Door pull is painted in a light grey antimicrobial powder coated finished with no sharp edges. Two labels are provided that allow the customer to demonstrate how the product is to be used.

# Specification Information

**Product Dimensions:**

- 10.2cm W x 10.8cm H x 11.7cm D (4" W x 4.25" H x 4.6" D)

**Product Weight:**

- 0.5 kg (1.0 lbs)

**Installation:** Use the mounting holes in the unit as template to mark the door. Mounting screws are provided. Can be mounted at shoulder height for use with wrists, or at ankle height for use with foot.

**Maintenance:**

Normal preventative maintenance and cleaning will keep Frost products functioning properly and may extend normal product life. Products should be wiped down with a damp soft cloth periodically. Approved stainless steel cleaner may be used to clean scuffs or fingerprints on stainless surfaces. Do not use harsh detergents or chemical cleaners. For general dirt and blemishes on painted steel or plastic use warm water and mild soap, or a general mild cleaning solution. When using any type of cleaning solution, spray onto a discrete area to test before full usage. After the cleaning agent is applied, wipe off with a clean soft cloth or sponge.

**Warranty:**

If any product or part proves to be defective within 12 months from date of shipment from the factory it will be repaired or replaced without any charge including freight costs when authorized. Costs resulting from the installation or removal of defective products are not covered under this warranty. Discolouration to stainless steel parts resulting from exposure to harsh environmental and / or chemicals are not considered to be defects in workmanship or material and are not covered under warranty.
